

LEARNING MANAGEMENT SYSTEM

CYBER SECURITY | POLICIES & PROCEDURES | REGULATORY CONTROLS

ENFORCEABLE E-LEARNING

Become compliant, remain compliant with the NETconsent Learning Management System.

NETconsent enables you to deliver **enforced e-learning** to your entire workforce - within minutes.

With our **unique enforcement technology**, your organisation can benefit from **maximum user adoption** of training and awareness modules.

You can benefit from the engaging and current eLearning materials we can provide or upload your own – the choice is yours.

Our automation technology schedules, distributes and reports on staff progress – reducing costs while maximising productivity.

With NETconsent, you can **educate your teams** to maintain awareness and protection against **phishing, cyber security** threats and more!

- ENFORCED
- READY-TO-GO CONTENT
- MULTI-DEVICE
